Maximum imprint area: 5 ½" x 2 ½".

Above prices are effective January 1, 2014 and may be subject to change.

It is an easy calculation:

**A Tee-Shaker costs about the same as two golf balls...
...but is many times more effective.**

If you are using printed golf balls as merchandising tool, your logo will end up lost in the woods or a water hazard sooner or later.

The Tee-Shaker with your logo stays clearly visible attached to the golf bag – for years!

Wherever the golf bag goes – your logo goes.

Design Tips

- » Set the information, you want the Golfer to see first, in the best spot.
- » Once the Tee-Shaker hangs on the golf bag, no golfer will ever turn the Tee-Shaker to read the advertising message. That's why you should consider your message on the two hotspots.
- » Don't just use text. The Golfer must like your Tee-Shaker to keep it on his bag forever.
- » Try to use a golf related motive.
- » Add some matching stripes to the design to give the logo a richer look and make it firm.
- » Our art department will be able to help you achieve the best result.
